### SECTION 1: PRODUCT IDENTIFICATION

**Product Name:** ENVIRONOC® 101 Liquid

**Harmonized Tariff Code:** 3002 90 10 00

**Product Use:** Microbial inoculum for bioremediation of petroleum hydrocarbon contaminated sites

**Manufacturer Address:** **Biodyne World®**  
 959 Paschal Place  
 Sarasota, FL 34232-2847

**Telephone/Email:** 1-941-377-6621/ [info@biodyne-world.com](mailto:info@biodyne-world.com)

### SECTION 2: HAZARDS IDENTIFICATION

**Emergency Overview** This product is not considered to be hazardous to animals, plants, humans or the environment. The microbes have not been genetically modified. This product has very low toxicity via ingestion, skin/eye contact or inhalation.

**Possible Routes of Entry:** Ingestion, eyes and skin

**Potential Health Effects from Over-exposure:**

**Acute:**

**Skin/Eye Irritation:** Direct contact with skin or eyes may cause mild irritation in some individuals

**Ingestion:** May cause nausea and diarrhea in some individuals.

**Chronic:**

**Symptoms** Available data does not suggest any long-term symptoms from exposure

**Aggravation** Available data does not suggest any aggravation of existing conditions

**Section 2 Notes:** In the unlikely event that over-exposure occurs, follow first aid measures in section 4.

### SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

<u>Ingredient:</u>	<u>CAS No.</u>	<u>Percent:</u>
Mixture of Microbial Strains	Not applicable	4.37% (nominal)
Ferment residue (non-animal)	Not applicable	0.2% (nominal)
Water	Not applicable	95.43% (nominal)

**Section 3 Notes:** This preparation contains no hazardous ingredients per Directive 67/548/EEC. (European Union - Dangerous Goods)

---

**SECTION 4: FIRST AID MEASURES**

---

- General:** Remove from source of exposure. If irritation or other signs of exposure occur, seek medical attention.
- Eyes:** Remove contact lenses if present and flush with water for 15 minutes.
- Skin:** Remove contaminated clothing. Wash thoroughly with soap and rinse with water
- Ingestion:** Do not induce vomiting. Give water if able to swallow.

**Note to Physicians and First Aid Providers:** This product has low oral, dermal and inhalation toxicity. Direct contact with eyes may cause temporary irritation. Provide symptomatic and supportive care as necessary.

---

**SECTION 5: FIRE FIGHTING MEASURES**

---

- General:** Use methods and protective gear that are appropriate for the conditions and size of the fire.
- Extinguishing Media:** Use appropriate media for underlying cause and combustibles involved in the fire.
- Special Equipment:** Self-contained breathing apparatus and full protective gear according to the conditions and size of the fire.
- Section 5 Notes:** This material is not explosive and does not constitute a fire hazard.

---

**SECTION 6: ACCIDENTAL RELEASE MEASURES**

---

- Personal Precautions:** Wear suitable protective clothing such as long-sleeved shirt, pants, waterproof gloves and shoes with socks.
- Methods of Cleanup:** Carefully mop or sweep up spill and place in a closed container for disposal. Rinse area with water.
- Section 6 Notes:** Refer to section 8 for personal protection and section 13 for disposal considerations.

---

**SECTION 7: HANDLING AND STORAGE**

---

- Handling:** Use handling procedures that minimize exposure to the product.
- Storage:** Store in a refrigerator or alternatively a cool location in original container.
- Section 7 Notes:** Avoid contact with skin, eyes and clothing. Wash any contamination from skin or eyes immediately. Wash hands and exposed skin before eating, drinking, smoking or using the toilet.
- 

**SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION**

**General:** Protective clothing should be selected according to the conditions likely to be encountered in the workplace. Ensure good ventilation. No exposure limits have been established.

**Engineering Controls:** There are no specific engineering controls for this product.

**Personal Protective Equipment:**

**Respiratory:** If liquid is sprayed, use an approved droplet mask.

**Eyes and Face:** Chemical safety goggles or safety glasses with side shields

**Hands/Skin:** Impermeable gloves of neoprene, vinyl, rubber or nitrile may be used to avoid contact.

**Other Clothing:** Wear suitable protective clothing such as long-sleeve shirt, pants and shoes with socks.

**Hygienic Practices:** Wash hands and exposed skin before eating, drinking, smoking or using the toilet.

**SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

**Appearance:** Tan to flesh colored  
**Form:** Liquid  
**Odor:** Creamed corn  
**Melting Point:** Not applicable  
**Boiling Point:** Not applicable  
**Specific Gravity:** 1.00073 g/ml  
**Solubility in Water:** Easily dispersible in water  
**Incompatibility:** None known

**SECTION 10: STABILITY AND REACTIVITY**

**Stability:** Stable, material is non-reactive

**Conditions to Avoid:** None that are known

**Materials to Avoid:** None that are known

**Hazardous Decomposition Products:** None that are known

**Hazardous Polymerization:** Will not take place

**SECTION 11: TOXICOLOGICAL INFORMATION**

**Possible Routes of Entry:** Mouth, Eyes and Skin

**Potential Health Effects from Overexposure:**

**Ingestion:** May cause nausea and diarrhea in some individuals

**Skin/Eye Irritation:** Direct contact with skin or eyes may cause slight irritation in some individuals.

**Inhalation:** N/A

**Section 11 Notes:** None of the components of this product are listed as carcinogenic by NTP, IARC or OSHA. While no toxicological studies have been performed on this product, no reports of toxicity have been reported in over 30 years of use. The microbial components are naturally occurring and are non-pathogenic for animals and plants. They have not been genetically modified.

**SECTION 12: ECOLOGICAL INFORMATION**

**Ecological Information**                      Regarding environmental fate and behavior, this product is not expected to impose any environmental risk. Without continuous application, populations revert to pre-inoculation numbers with no lasting impact on the environment and indigenous populations.

**Ecotoxicity Information**                      This product has been in use for over 30 years for surface water, groundwater and land applications and has never been reported to be toxic to animals or plants.

**SECTION 13: DISPOSAL CONSIDERATIONS**

**Disposal Method:**                      If this product becomes a waste, it does not meet the criteria of a hazardous waste. As a non-hazardous solid waste, it can be disposed of in an industrial waste landfill in accordance with government regulations.

**Empty Container:**                      The empty container can be disposed of as a non-hazardous solid waste or alternatively returned to the vendor for recycle.

**Section 13 Notes:**                      Regulatory requirements are subject to change and acceptable methods of disposal may vary by location. The appropriate agencies should be contacted for advisement prior to disposal.

**SECTION 14: TRANSPORT INFORMATION**

<b>Land:</b>	ADR/RID Class	European transport of dangerous goods (Road / Rail)	Not controlled under ADR
<b>Water:</b>	IMDG Class	Transport of hazardous materials by vessel	Not controlled under IMDG
<b>Air:</b>	IATA–DGR Class	International Air Transport Assoc. (Dangerous goods)	Not controlled under IATA
<b>Other:</b>	U. S. DOT	U. S. Department of Transportation	Not regulated

**Section 14 Notes:**                      This product may require importation permits in some countries

**SECTION 15: REGULATORY INFORMATION**

**Labelling According to EC Directives**

<b>Symbol</b>	Not required		
<b>R-phrases</b>	Not required		
<b>S-phrases (Recommended)</b>	S 2	Keep out of reach of children	
	S 20/21	When using, do not eat, drink or smoke	
<b>U.S. EPA SARA (Title III Classification)</b>	No acute or chronic health hazards. No fire, release of pressure or reactivity hazards		
<b>U.S. EPA</b>	No registration required		

**SECTION 16: OTHER INFORMATION**

**User Responsibility:**                      This safety data sheet provides health and safety information. This product is to be used in applications consistent with our product literature. Individuals handling this product should be informed of the recommended safety precautions and should have access to this information. For any other uses, exposures should be evaluated so that appropriate handling practices and training programs can be established to ensure safe workplace operations.

**Date of last SDS revision:**                      **01 January 2023**                      **Replaces all previous versions**
